COSC 1436.S01
PROGRAM ONE

ASSIGNMENT:

Enter and execute the following program (changing it so that it uses your name – replace the bold YOUR NAME characters with your own name). This will be the general format used on all programming assignments.

```
/**********************************************************************

    DESCRIPTION:   Programming exercise one to print author's name
    CLASS:         COSC 1420.S01
    AUTHOR:        YOUR NAME
    DATE:          Jan 2019

**********************************************************************/

#include <stdio.h>

int main ()

    {
    printf ("First programming assignment by YOUR NAME for COSC 1420.S01\n");
    return 0;
    }
```

TURN IN:
1) An electronic copy of the .c file in the project folder as created by Visual Studio. This will be emailed to the instructor with the subject line "COSC 1420.S01 – Lab 1".
2) If you wish any feedback on your work, turn in a printed listing of the .cpp file that you created.

DUE: 28 Jan 2019
